

CHILDREN'S HAPPY FACES FOUNDATION'S NINTH ANNUAL DAY OF FUN FOR RONALD MCDONALD HOUSE NEW YORK AND MAKE-A-WISH FOUNDATION OF HUDSON VALLEY

Children's Happy Faces Foundation's annual golf outing announced that it surpassed last year's record of \$600,000 in support of Ronald McDonald House New York and the Make-A-Wish Foundation® of Hudson Valley. Held on three separate courses on September 29th, the event culminated in an evening celebration held in the mansion at Sleepy Hollow Country Club.

"Each year this event has grown from the year before. And this, our 9th year, is no exception. Children's Happy Faces Foundation has now raised over than \$3.5 million," said David Lipson, CEO of Children's Happy Faces Foundation & senior managing

director of Century Management Services. "With the recent expansion plans at Ronald McDonald House I know there is so much more that we can do for the house given our relationships within the real estate industry, and this year's event is a very important step toward those efforts."

"Children's Happy Faces Foundation has brought a unique brand of joy to our families, and brought smiles to our kids' faces in ways that we could not have imagined," said William T. Sullivan, president & CEO of Ronald McDonald House New York.
